Objection

I hereby wish to object to the Settlement in *Hall, et al. v. AT&T Mobility LLC*.

As I have already communicated to Counsel via e-mail, reading through the Proposed Settlement Agreement, I believe I have found a mistake in one of the sentences on page 9.

The last paragraph, second sentence reads: "ATTM shall compile this list based data available within ATTM's online billing systems and the list shall be provided to the Settlement Administrator."

I believe it should state: "ATTM shall compile this list based on data available within ATTM's online billing systems and the list shall be provided to the Settlement Administrator."

The word 'ON' (or alternatively even the two words 'ON THE') has/have thus been omitted from the sentence, which potentially could lead to it being interpreted slightly differently (list-based data as opposed to list based on data; potentially excluding data that ATTM might have that is not list-based).

Hoping that this will help the case,

Sincerely,

Eddy Fonyódi
